

Prayer Diary

February 2017

“Ritual is a way of altering time. By which I mean a way of pausing the endless intrusion of busy life.”

Jeanette Winterson

Our world seems to be busier than ever, and it is easy to be overwhelmed. In ministry, whether we are full-time workers for the Church, or weave our service between and into other work and caregiving responsibility, the job is never done. There is always something more we could or should be doing. Rituals mark out a moment with God. They make us stop and be present – neither straining towards the future or fretting over the past. In them, our mind, body, soul and spirit are aligned. We are still and step out of the chronos time of clocks and diaries into the kairos time of God's Kingdom.

I wonder which rituals nourish your spirit and make you linger in God's company. Perhaps it is making the cup of tea to wrap yourself around as you read Morning Prayer. Maybe it is the early morning walk with the dog. It could be the brief Grace which gives a pause before a meal or the bedtime story with a child. As the church year rolls around, other rituals – some traditional religious ones and some more personal – help us enter more fully into the meaning of the different seasons. In a few weeks' time, a smudge of ash will start us on the journey to the cross. What rituals might help you make that journey this year?

Jesus once said that Sabbath ritual was for humanity and not the other way around. Our rituals are to draw us into the life and love of God – recreating us as God's children in a challenging environment which can stretch and misshape us. Why not ask God to guide you to create rituals this year which will renew and enliven you as you live to the glory of God.

Focus on Southam Deanery

Southam deanery is the smallest deanery in the Diocese of Coventry, currently made up of 18 parishes within a six mile radius of the market town of Southam.

Recent structural discussions for our Deanery Plan have resulted in the creating of the new Offchurch Group which combines four of our small rural parishes into one single entity.

As a deanery we have a strong focus on mission and collaborative ministry. We have a deanery mission team that organise evangelistic events under the national Hope banner. They provide high quality occasions we can be confident in inviting non-Christian friends to.

We have a deanery prayer meeting in the heart of the deanery, Kingdom Come, where people gather from across the deanery, though in small numbers, to pray for the work of God in our parishes and our deanery focus.

There are also a number of deanery Christian exploration and nurture courses that continue to be run which include; Just Looking, Alpha, Discipleship Explored, Lost for Words, and Table Talk. We have also streamed lectures from the School of Theology based at St Mellitus College in London, which have been both well-received and stretching! We use one of our local pubs for many of these courses.

With only a small number of clergy in the deanery, we try to work together, especially with mission and training, and new clergy appointments to the deanery would be encouraged to add their gifts to this creative mix. As a clergy team, we would not be able to function without strong lay teams around us, and we are looking for ways to develop and strengthen these teams both within individual parishes and deanery-wide.

Plans for HS2 will have a significant effect on the deanery as a whole, as we lie directly in the path of the planned route.

We are also experiencing huge changes with new housing developments in a number of villages and Southam town itself, so working together and supporting each other, as well as developing new leaders and exciting new ideas for growth will become even more important.

As a deanery, we have often come up with forward-thinking plans, and it's a creative and stimulating deanery to be a part of.

Massive Messy church

As part of our Deanery Hope14 mission week, I was asked to organise a “Massive” Messy Church, drawing together all the Messy Church teams (and others) from across the deanery to put on a central, joint event. This proved so successful, that we have done it twice a year since then!

It doesn't take too much organising. Once we have agreed a theme – Creation,

Children in the Bible, the Good Samaritan, Harvest – each Messy Church team plans and resources its own activities. We call in special guests to lead the celebration such as the Pilgrim Puppets from Hunningham, the Children's Evangelist Graham Nunn or one of our Open the Book teams. Also we have an amazing catering team who provide a wonderful picnic for us.

We generally attract around 35 families, ranging in age from grandparents to babies – so our activities are tailored to engage everyone. I love to see the dads totally absorbed with their toddlers making a “junk” tractor or the older kids building a catapult to launch maltesers! We always include a quiet space with prayer activities. And this year we introduced a café for the adults, which has enabled the team to have some good conversations with families about faith and Jesus. Some families are now becoming “regulars” and have joined their own local Messy Church and are asking about baptism.

As well as providing opportunities for families to hear the Good News, Massive Messy Church has also brought together the Messy Church teams from across the deanery, enabling them to get to know each other, to share ideas, resources and problems, to invite potential new helpers to join the team and to build confidence. This has been a real encouragement for everyone.

At our next Massive Messy Church in March, we are hoping to work with Lucy Moore, the national Messy Church leader, to test-run her new resources on Messy Science – looking at how faith and science mix.

Please pray for us!

What does our deanery mean to you?

Following visits to each of the 18 churches in Southam Deanery, one has to ask if our deanery is an ‘effective structure’ in practice. At each church visited, the question “What does our deanery mean to you?” was asked. In most cases, the response was a blank expression, although the occasional soul vaguely remembered that a deanery rep puts a report in at the AGM.

We're told that the deanery is an administrative function. Have we missed a trick here? Can we make use of the deanery structure? We pray for Christians suffering in other countries, but how often do we think of our brothers and sisters down the road? Perhaps we should do more than pray? Here, “we” means each of the churches in the deanery. Each congregation has gifts/talents that may not be present in other locations. Should we not share them? Think how much more powerfully the Spirit could move if we acted together, and what encouragement could be given, especially to the smaller churches!

Unfortunately, for a variety of reasons, this doesn't always seem to work. We must ask ourselves:

- How can we help people understand what a deanery is?
- How can we encourage people to attend events outside of their church?
- Even though we are busy with our own churches, how can we make time for our deanery?

In recognition of the lack of time, resources and personnel, and to help the smaller out-of-the-way churches feel less abandoned, The Deanery Mission Team arranges various outreach and training events on behalf of all the churches to be used as a resource in itself. However, it does need the congregations to be aware of what is being done and to actively respond if it is to do any good.
